

1. INTERPRETATION

These terms and conditions (**Conditions**) shall apply to and form part of any contract created for the supply of goods, products and materials (**Goods**) and the provision of related installation and other services (**Services**) by Oil Mining & Gas Pty Ltd ABN (**OMG Engineering**) and its agents, servants and employees, to a purchaser, who shall include the person, persons, company or business entity to whom OMG Engineering sells or supplies, or proposes to sell or supply, the said Goods and/or Services (**Purchaser**).

2. GENERAL

- 2.1 All quotations, tenders, offers, orders and contracts are made or accepted and all Goods and/or Services are subject to acceptance by OMG Engineering and, if accepted, are supplied subject to these Conditions and any special terms and conditions which are imposed or agreed to by OMG Engineering from time to time, unless varied in writing by OMG Engineering; this is notwithstanding anything that may be stated to the contrary on Purchasers' inquiries or orders that purport to contain the Purchaser's terms and conditions governing the transaction. For the avoidance of any doubt, unless otherwise expressly agreed to in writing by OMG Engineering, previous dealings between OMG Engineering and any Purchaser, or the attempted imposition of additional or alternative terms and conditions by a Purchaser, shall not vary or replace these Conditions or be deemed in any circumstances whatsoever to do so.
- 2.2 OMG Engineering may withdraw, revoke or vary a written quotation at any time.
- 2.3 OMG Engineering reserves the right to accept or decline, in whole or in part, any order for Goods and/or Services placed by a Purchaser.
- 2.4 The contract to supply Goods and/or Services to the Purchaser starts on the date OMG Engineering agrees to supply the Goods and/or Services to the Purchaser. This may not be the date the order is received by OMG Engineering.
- 2.5 Where in the period between acceptance of a quote and delivery of the relevant Goods and/or Services, OMG Engineering incurs an increase in the cost of producing and/or delivering the Goods and/or Services, OMG Engineering reserves the right to increase the quoted price of those Goods and/or Services any time prior to delivery (a 'price escalation'). The Purchaser shall accept any such price escalation. Otherwise, official quotes issued by OMG Engineering are valid for a maximum of thirty days from the date of issue (but remain subject to written notice of change or withdrawal at any time) unless specified otherwise in the quotation.
- 2.6 Additionally, all quoted prices are based on the quantity of work indicated in any quotation, tender, offer, order or contract documents. OMG Engineering reserves the right to increase the price should the amount of work change due to factors outside OMG Engineering's control including but not limited to if quantities originally quoted are varied, if all specifications do not meet those represented by the Purchaser, if any relevant representation made by the Purchaser is incorrect, incomplete or otherwise deficient, or if OMG Engineering is unable to proceed without interruption and on a normal five day working week. The Purchaser shall accept any such price escalation.
- 2.7 If a delivery date is specified in any quotations, tenders, offers, orders or contracts, this date is an estimate only and OMG Engineering is not liable for any delay in delivery.
- 2.8 If OMG Engineering is unable to supply the Purchaser's total order, these Conditions shall continue to apply to the Goods and/or Services supplied.
- 2.9 These Conditions prevail over any terms and conditions of trade of the Purchaser whether or not any inconsistency arises.
- 2.10 Each of the provisions of any contract formed is severable from the others in that if at any time one or more of such provisions is or becomes void, invalid, illegal or unenforceable for any reason the remaining provisions of said contract will not be affected.
- 2.11 OMG Engineering may alter the range of Goods or Services on offer, without notice to the Purchaser.
- 2.12 OMG Engineering reserves the right to supply an order in full or only in part.
- 2.13 OMG Engineering may use sub-contractors to supply, or procure the supply of, any part of the Goods and/or Services.
- 2.14 Time is not "of the essence" in respect of any contract entered into by the Purchaser with OMG Engineering.
- 2.15 Failure by any third party to make payment to the Purchaser for Goods and/or Services supplied by OMG Engineering shall not be valid grounds for non-payment by the Purchaser.
- 2.16 The use and disposal of OMG Engineering's products are not within its control, regardless of any assistance provided. OMG Engineering assumes no obligation or liability for the suitability of its products in any specific end use application. It is the Purchaser's responsibility to determine whether OMG Engineering's products are appropriate for the Purchaser's use and to comply with all regulations, patents etc in this regard.
- 2.17 Any Goods ordered on behalf of the Purchaser are payable by the Purchaser in full if the Purchaser decides to cancel or amend the order for any reason, at any time.
- 2.18 No employee, agent or contractor of OMG Engineering may vary or add to these Conditions, nor alter any quote, without the prior written authority of OMG Engineering's General Manager.
- 2.19 The Purchaser may not cancel an order, nor delay delivery, following acceptance unless OMG Engineering agrees in writing and payment of Goods supplied up to that time is made by the Purchaser in full and cleared funds.

3. QUOTATIONS

- 3.1 Any quotation or statement of price provided is an invitation to treat only and is not an obligation to sell or offer to supply. Any quotation given on price is an estimate only.
- 3.2 Acceptance of a quotation by the Purchaser is a contract only for the work detailed in that quotation. Reference in the Purchaser's acceptance to any matter whatsoever not mentioned in the initial enquiry by the Purchaser (if any) and/or not detailed in OMG Engineering's quotation, is to be deemed to be a notification of additional items for which the Purchaser requires a further quotation. Any such additional Goods and/or Services must be agreed in writing.
- 3.3 Any quotation is made on the basis that the addressee is the Purchaser, and that any order authorisation or contract, formal or informal, will be binding on the addressee or on the basis that the addressee is the agent of a third party with lawful authority to bind its client in a contract for the quoted Goods and/or Services.

4. PRICE

- 4.1 The price for the supply of Goods and/or Services may be subject to any price escalation made before or after the acceptance of quotation, order or contract and also during the currency of any order or contract, either made orally or in writing, unless otherwise stated in writing. Unless otherwise indicated, all prices for Goods and/or Services are exclusive of all applicable taxes and charges.

- 4.2 All prices are based on the quantity of Goods and/or Services indicated by the Purchaser. OMG Engineering reserves the right to change the price where the quantity of Goods and/or Services change for any reason.
- 4.3 Within Australia, the price or other amounts quoted exclude GST unless otherwise specified. The Purchaser shall be liable for all excise, sales, GST or any other tax, charge or government impost (domestic or foreign) upon the Goods and/or Services or any part of the Goods and/or Services, or upon the manufacture, use, sale or delivery of the Goods and/or Services, in addition to the purchase price. Where Goods and/or Services are subject to GST, the Purchaser must pay GST at the same time as payment for the Goods and/or Services is made.
- 4.4 Unless otherwise agreed, prices do not include the cost of delivery of Goods, including but not limited to costs incurred by OMG Engineering arising out of late notification by the Purchaser of a change to agreed delivery schedule and storage charges where Goods are not collected immediately upon being made available.
- 4.5 If for any reason the Goods ordered are unavailable, OMG Engineering reserves the right to substitute alternative goods provided that they are reasonably equivalent in all respects (unless agreed otherwise, in writing).
- 4.6 These Conditions may be altered by OMG Engineering on 30 days' notice.
- 4.7 All quotations compiled in reliance on documentation provided by the Purchaser or any third party is subject to amendment where the said documentation proves to be deficient in any way.

5. OFFER & ACCEPTANCE

A quotation by OMG Engineering is not an offer, and an order given pursuant to any quotation shall not bind OMG Engineering until accepted by it in writing or by the commencement of the supply of Goods and/or Services. Unless otherwise agreed in writing these Conditions shall be deemed to be incorporated in any contract between OMG Engineering and the Purchaser. Any terms and conditions contained in any order offer acceptance or other document of the Purchaser which are inconsistent with these Conditions are expressly excluded.

6. PERFORMANCE OF CONTRACT

Any date quoted by OMG Engineering for completion is an estimate only and unless a written guarantee has been given by OMG Engineering, it shall not be liable to the Purchaser for any loss or damage (even if arising out of the negligence of OMG Engineering) caused by the failure to complete the supply of Goods and/or Services on or before the quoted date.

7. PURCHASERS PROPERTY

Any quotations relating to the machining of castings supplied by the Purchaser are based on those items being supplied to OMG Engineering in a dimensionally correct state and free from any defects such as sand inclusions, porosity, cracks and hard spots, and the Purchaser further warrants that any such items are capable of being machined according to acceptable general practice. Any quotations relating to the machining of fabrications supplied by the Purchaser are based on those items being supplied to OMG Engineering in a correctly manufactured condition and with acceptable machining allowances. Where Goods of the Purchaser in the care and control of OMG Engineering are damaged or destroyed OMG Engineering will only be liable to the extent of any indemnity provided by OMG Engineering's insurance (if any) even if the damage or destruction arises as a result of the negligent or wilful act or omission of OMG Engineering.

8. RETENTION OF TITLE TO GOODS & PPSA

- 8.1 Legal and equitable title to Goods and/or Services sold by OMG Engineering to the Purchaser will not pass from OMG Engineering to the Purchaser until the later of:
 - a) unconditional payment in full to OMG Engineering for those Goods and/or Services; and
 - b) unconditional payment in full of any and all other amounts owing or unpaid by the Purchaser to OMG Engineering on any account, including but not limited to in respect of Goods and/or Services previously or subsequently supplied to the Purchaser.
- 8.2 Payment in full will not be regarded as having been received by OMG Engineering unless and until payment is made in cleared funds.
- 8.3 Until such time as title to Goods passes to the Purchaser under clause 8.1:
 - a) the Purchaser will hold the Goods as a fiduciary and as bailee for OMG Engineering and will be responsible for any loss, damage or conversion of the Goods;
 - b) the Purchaser must store the Goods physically separate from the other goods of the Purchaser and in such a manner as to identify the Goods and show clearly that they are owned by and remain OMG Engineering's property;
 - c) OMG Engineering may enter any premises owned or occupied by the Purchaser or its agents to take possession of any Goods to which title has not passed and where payment on any account is overdue, or inspect the Goods or inspect the Purchaser's books and records regarding the Goods at any time (at its discretion);
 - d) subject to the Purchaser's right to possess, use up, sell or otherwise deal with Goods in respect of which title has not passed to the Purchaser under clause 8.1 not having ceased, and despite the above, the Purchaser may only use the Goods in the ordinary course of the Purchaser's business, or sell the Goods in the ordinary course of the Purchaser's business, provided that where the Purchaser sells Goods, it will do so as principal and the Purchaser will have no power to commit OMG Engineering to any contract or otherwise or to any liability, but as between the Purchaser and OMG Engineering, the Purchaser will sell as fiduciary agent and hold all proceeds on trust for OMG Engineering. When the Purchaser is not paid by that third party, the Purchaser must at the request of OMG Engineering assign its claim against that third party to OMG Engineering. The Purchaser must pay the stamp duty on any such assignment. For the purpose of perfecting any such assignment the Purchaser irrevocably appoints OMG Engineering as its agent and holds the book debt arising from such sale and, upon payment of such debt, the proceeds of sale (but only to the extent of the monies and any outstanding interest owing to OMG Engineering) upon trust for OMG Engineering; and
 - e) the Purchaser must ensure that the Goods are not and will not be subject to any encumbrance or other security interest (including a lien) granted or created in favour of any third party (whether under contract, statute or common law) without OMG Engineering's prior written consent. Without limiting OMG Engineering's rights, if the Purchaser becomes aware of a third party's interest in or relating to an encumbrance or other security interest, including a lien, in respect of the Goods, the Purchaser must notify OMG Engineering immediately in writing and provide OMG Engineering with all relevant details relating to the encumbrance or other security interest, including the third party's full name and contact details, the nature of the encumbrance or other security interest and the Goods subject to the encumbrance or other security interest.
- 8.4 Despite this clause 8, OMG Engineering is entitled to maintain an action against the Purchaser for payment of the purchase price of Goods and/or Services.

- 8.5 The Purchaser agrees that clause 8.1 creates a security interest (including, where applicable, a purchase money security interest, as defined in the PPSA) in Goods (and their proceeds, as defined in section 31 of the PPSA) supplied by OMG Engineering to the Purchaser from time to time.
- 8.6 The Purchaser agrees to do all things necessary and execute all documents required by OMG Engineering to register each security interest in the Goods, and ensure that OMG Engineering acquires a perfected security interest in the Goods, under the PPSA.
- 8.7 Until title to Goods passes to the Purchaser under clause 8.1, the Purchaser waives its rights under sections 95, 118, 121(4), 129, 130, 132(3)(d), 132(4), 135, 142, 143, 157(1) and 157(3) of the PPSA, to the extent that is permitted by law. - 8.10 Until title to Goods passes to the Purchaser under clause 8.1, the Purchaser must not give to OMG Engineering a written demand, or allow any other person to give to OMG Engineering a written demand, requiring OMG Engineering to register a financing change statement under the PPSA in respect of or affecting any Goods, or enter into or allow any other person to enter into the personal property securities register a financing change statement under the PPSA in respect of or covering the Goods.

- 8.12 The Purchaser may not assign or factor the Purchaser’s right and interest in any debt owed by a customer of the Purchaser to the Purchaser on account of the proceeds of sale of any of OMG Engineering’s Goods by the Purchaser on credit or deferred payment terms, without OMG Engineering’s prior written consent.
- 8.13 Subject to section 275(7) of the PPSA and any provision of any other contract between OMG Engineering and the Purchaser permitting OMG Engineering to disclose information, OMG Engineering and the Purchaser agree that neither of them will disclose, or authorise the disclosure of, information of the kind described in section 275(1) of the PPSA in relation to these Conditions, any contract or any transaction contemplated by or effected under these Conditions or any contract.
- 8.14 The Purchaser must notify OMG Engineering in writing of any change in the Purchaser’s ownership or in the ownership of the Purchaser’s business, or in the directors or address of the Purchaser. Notwithstanding any change in the Purchaser’s ownership/trading structure or any notice by the Purchaser to OMG Engineering of such change, the Purchaser will remain personally liable for the payment for any Goods and/or Services supplied to, or ordered by, the Purchaser from OMG Engineering until the Purchaser has received written confirmation from OMG Engineering that the Purchaser’s account has been closed and full payment has been received by OMG Engineering.

9. DELIVERY & ACCEPTANCE

- 9.1 The Goods and/or Services shall be delivered to the Purchaser’s address, or as otherwise notified in writing to OMG Engineering at the time of the order. Alternatively, if OMG Engineering agrees, the Goods may be collected.
- 9.2 Delivery is ex OMG Engineering’s nominated works unless otherwise specified.
- 9.3 For the avoidance of any doubt, the Purchaser is responsible for arranging collection or delivery of the Goods unless otherwise stated, and OMG Engineering shall not be liable for any loss, damage, delay or other liability arising whether directly or indirectly from the Goods not arriving by the anticipated delivery date. Delivery costs shall be to the account of the Purchaser.
- 9.4 The Purchaser must inspect the Goods immediately upon delivery or collection and must immediately (on the same day, before close of business at 5pm) give written notice to OMG Engineering with particulars of any claim that the Goods are damaged, defective, non-conforming or otherwise not in accordance with the contract. Written notices should be addressed to the General Manager, Oil Mining & Gas Pty Ltd, 4 Karratha Street, Western Australia, 6106 . The Purchaser shall be bound to accept the same.
- 9.5 The Purchaser must not accept the delivery of Goods and/or Services if at the time it is insolvent or likely to become insolvent.
- 9.6 Delivery times and dates are estimates only and are not guaranteed. 10. WARRANTY & LIABILITY ON BREACH

No conditions, descriptions, representations, statements or warranties on the part of OMG Engineering given or implied or deduced to be given or to be implied from anything said or written in the negotiations between the parties and their representatives, and any and all statutory or other warranties, conditions, descriptions or representations, expressed or implied by law as to the state, quality, condition or fitness of the Goods are hereby expressly excluded, and are not binding on OMG Engineering unless set out in these Conditions or unless they cannot by law be excluded from the contract between OMG Engineering and the Purchaser in which case they are declared to apply without restriction, limit or modification notwithstanding anything inconsistent with these Conditions.

The Purchaser acknowledges that it does not rely, and it is unreasonable for the Purchaser to rely, on the skill or judgment of OMG Engineering as to whether the Goods supplied are reasonably fit for any purpose for which they are being acquired, and that the sale is not a sale of Goods by description or sample. The Purchaser shall take the Goods at its own risk as to their state, quality, condition or sufficiency and fitness for any purpose. Under no circumstance will OMG Engineering’s liability exceed the purchase price.

To the extent possible, OMG Engineering will pass on to the Purchaser any manufacturer’s or supplier’s warranty in respect of the Goods.

11. EXCLUSION OF DAMAGES AND CONSEQUENTIAL LOSS

OMG Engineering shall in no circumstances be liable for or have any liability (including liability in negligence) for any form of damages (including but not limited to incidental, indirect, special, consequential or general damages or loss, or otherwise due to circumstances beyond OMG Engineering’s reasonable control) in connection with or arising out of, or loss suffered or incurred as a result of or caused by (whether directly or indirectly), the supply, performance or use of any Goods and/or Services supplied or performed (as the case may be) by OMG Engineering to or for the Purchaser or any person, or any failure to supply Goods or to perform any Services in excess of the limitation provided in clause 10.

12. INDEMNITY

The Purchaser indemnifies OMG Engineering, regardless of any negligence on the part of OMG Engineering, against:

- 12.1 All losses incurred by OMG Engineering;
- 12.2 All liabilities incurred by OMG Engineering; and

The Purchaser must pay to OMG Engineering all liabilities, costs and other expenses referred to in this clause, whether or not OMG Engineering has paid or satisfied them

13. FORCE MAJEURE

If OMG Engineering is prevented from delivering Goods and/or Services for any cause beyond its control it shall be entitled to cancel the contract or the balance of the contract between it and the Purchaser by notice in writing to the Purchaser and the Purchaser shall not have any claim whether in contract, tort or otherwise, for damages against OMG Engineering in respect of any such cancellation and the Purchaser shall be liable to pay the reasonable charges of OMG Engineering up to the time of such cancellation. If either party is prevented from or delayed in complying with any obligation (other than to pay money or any obligation already covered in this clause) by an event beyond its control, performance by it of that obligation is suspended during the time, but only to the extent that compliance is prevented or delayed, and where such delay continues for a consecutive period exceeding 6 months, or otherwise by mutual agreement, the parties may terminate the affected contract.

14. CANCELLATION BY OMG ENGINEERING

In addition to any rights of OMG Engineering which are implied by the Sale of Goods Act (which shall apply to these Conditions) OMG Engineering shall be entitled to cancel the contract or the balance of the contract between it and the Purchaser where the Purchaser has not complied with the applicable terms of payment.

15. PAYMENT OF PRICE AND FAILURE TO PAY

- 15.1 Unless an account is held with OMG Engineering, payment terms are cash or electronic funds transfer upon delivery or collection of Goods or provision of Services. Where an account is held and if not specified in OMG Engineering’s special terms and conditions, payment of an OMG Engineering invoice must be made in full within 30 days from the invoice date, even if any Goods have not been installed or commissioned or Services rendered in full.
- 15.2 Electronic funds transfers must be made to the following account: Commonwealth Bank of Australia, BSB 066-158, Account 10334361, Account Name Oil Mining Gas Pty Ltd.
- 15.3 If payment is made by electronic funds transfer, the Purchases will email a remittance to OMG Engineering at accounts@omgengineering.com.au
- 15.4 Unless otherwise agreed in writing, if the Purchaser is ordering from a country outside of Australia, OMG Engineering requires payment in full prior to dispatching the Goods.
- 15.5 If the Purchaser does not pay OMG Engineering on time, OMG Engineering may:
 - require that all future dealings be on the basis of cash payments upon placing an order;
 - without notice to the Purchaser, withdraw or vary any credit facilities OMG Engineering previously provided (if any); and/or
 - where delivery is by instalment, OMG Engineering may withhold indefinitely any further instalments until full payment for prior instalments has been made.

In this clause, the words “cash payments” exclude cheques which have not been cleared by a bank prior to the delivery of Goods.
- 15.6 If the Purchaser does not pay OMG Engineering on time it will not be entitled to use any credit facility OMG Engineering extended to it (if any) until the Purchaser makes a new application for credit, which application may be refused.
- 15.7 Payments by credit card attract a surcharge of 1.5% added for each payment transaction.
- 15.8 If the Purchaser fails to make payment when due pursuant to these Standard Terms and Conditions of Sale, the amount unpaid will incur compound interest at the rate of 1.5% per cent per month on the amount outstanding, compounding daily, in respect of each day that the amount outstanding remains unpaid (Interest) until the date payment is received. Interest calculated daily will accrue at such a rate after, as well as before, any judgment.
- 15.9 If the Purchaser fails to pay any amount that is due and payable pursuant to these Conditions, OMG Engineering reserves the right to suspend or cancel undelivered orders. OMG Engineering is also entitled to appoint a debt collector or debt collection agency/ies and/or initiate legal action seeking recovery of all monies as well as interest on the unpaid amount (both before and after judgment, where applicable) and the Purchaser agrees that it will have to pay OMG Engineering any and all costs it incurs associated with enforcing its rights under these Standard Terms and Conditions of Sale, including – but without limitation – recovery of the unpaid amount, legal costs, administration costs and all other costs relating to debt collection including the cost of appointing, and fees charged by, debt collectors or debt collection agencies.

- 15.10 Notwithstanding any other remedies available to OMG Engineering (either pursuant to these Conditions or at law) to recover any amount due and payable to it, if:
- the Purchaser defaults in payment of the price (or any part thereof) for the supply of Goods and/or Services,
 - in OMG Engineering’s opinion the Purchaser will be unable to meet its payment obligations to OMG Engineering as they fall due,

 - the Purchaser becomes insolvent,
 - a change occurs in the ownership of the Purchaser or the ownership of the Purchaser’s business or in its directors, or
 - otherwise upon any default or breach of these Conditions, then, without prejudice to the other rights of OMG Engineering:
 - all amounts owing to OMG Engineering will, whether or not due for payment, become immediately payable by the Purchaser,
 - the Purchaser’s right to possess, use up, sell or otherwise deal with Goods in respect of which title has not passed to the Purchaser will cease,
 - OMG Engineering may immediately cease or suspend the supply of further Goods and/or Services and/or terminate or suspend any orders accepted by OMG Engineering that have not been performed and
 - OMG Engineering may initiate proceedings for recovery, at its complete discretion and without incurring any liability to the Purchaser, without mediating, without giving the Purchaser notice and without affecting any other rights or remedies available to OMG Engineering. OMG Engineering may also enter onto any premises where the Goods in respect of which title has not passed to the Purchaser are stored, and take immediate possession of and re-sell any Goods for which payment remains outstanding. OMG Engineering is not liable to the Purchaser if it takes any such action. The Purchaser indemnifies OMG Engineering in respect of any claims or actions against, and costs, expenses and other liabilities incurred by OMG Engineering in relation to:
 - The removal, repossession, transportation, storage and sale of Goods pursuant to these Conditions, including without limitation any claims brought by third parties; and
 - Any of the matters set in this clause 15.
- The Purchaser is not entitled to any retention from any amount due to OMG Engineering.
- 15.11 OMG Engineering reserves the right to set off against, or deduct from, any monies it at any time owes to the Purchaser on any account, any monies the Purchaser owes to it, but shall not be obliged to do so. The Purchaser is not entitled to set off against or retain any monies from monies owed by the Purchaser to OMG Engineering.

16. RISK

OMG Engineering’s responsibility and liability for risk, loss or damage with respect to any Goods supplied passes to the Purchaser from the time that the Goods are allocated to a Purchaser’s order by OMG Engineering or the time a contract is created, whichever occurs first, even if OMG Engineering is required to install, set up or perform any service in connection with the Goods. The Purchaser must fully insure the Goods from and including the date that risk passes to it.

17. INTELLECTUAL PROPERTY

- 17.1 Where OMG Engineering has designed or drawn Goods for the Purchaser, then the copyright in those designs and drawings shall remain vested in OMG Engineering, and shall only be used by the Purchaser at OMG Engineering’s discretion;

- 19.1 tests required by the Purchaser;
- 19.2 special packaging or tooling requirements not made known to OMG Engineering and/or not included in any OMG Engineering offer made to the Purchaser; and
- 19.3 insurance for Goods and Services, whether fixed or unfixed.

20. USE OF GOODS, PURCHASER SPECIFICATIONS AND TECHNICAL ADVICE AND ASSISTANCE

- 20.1 Where Goods are supplied by it, it is not OMG Engineering’s practice to recommend or warrant that the Goods are suitable for a particular purpose or use and the Purchaser acknowledges that:
 - it does not rely upon nor is it reasonable for it to rely upon any opinion of OMG Engineering in this regard; and
 - in choosing the Goods the Purchaser has relied entirely on its own knowledge and expertise.
- 20.2 OMG Engineering shall not be liable for any error, omission or inaccuracy in any drawings or specifications provided or approved by the Purchaser.

21. SPECIFICATIONS

Where, at the Purchaser's request, OMG Engineering manufactures Goods to a design, specification, or in compliance with the Purchaser's instructions or suggestions as to design, materials, method of construction or otherwise, OMG Engineering shall not be liable for the practicability or performance of (in part or in whole) the output or result of such designs, specifications, instructions or recommendations and shall not be liable for any loss or damage caused to the Purchaser or any other person as a result of defects or inaccuracies caused by reliance on such design, specifications or recommendations.
